Fees are payable in multiples of 1 year up to a maximum of 10 years.

The fee paid may be for any period (in whole years) up to 10 years, however the Regulations are due to be reviewed during 2019, and this could result in a change in the fee arrangements. This means that the Keeper will not be subject to any increase in fees during the period for which they have paid, and may reduce their administrative burden by having a lower frequency of fee payments.

### General Notes

The new fees came into effect on the 6th April 2016.
