1. Compliance

- 1.1. Contract Procedure Rules (CPR) are a legal requirement and constitute standing orders for the purpose of s135 of the Local Government Act 1972. S135 of the Local Government Act 1972' (3) states 'Standing orders made by a local authority with respect to contracts for the supply of goods or materials or for the execution of works shall include provision for securing competition for such contracts and for regulating the manner in which tenders are invited'. All tender processes will address mandatory requirements to comply with legislation in regard to corruption, fraud, terrorist offences or offences linked to terrorist activities, money laundering or terrorist financing, child labour and other forms of trafficking in human beings and obligations related to the payment of tax or social security contributions.
- 1.2. The aim of these CPR is to define the procedures for obtaining written quotations and competitive tenders from Suppliers for the provision of goods, services and works within West Yorkshire Fire and Rescue Authority (WYFRA).
- 1.3. The Authority's Constitution incorporates Financial Procedure Rules, Scheme of Delegations and Contract Procedure Rules that provide a framework for managing the Authority's financial affairs which apply to every Member and Officer of the Authority and anyone acting on its behalf.
- 1.4. These CPR should be read in conjunction with the Financial Regulations, the Scheme of Delegation and supporting standards, procedures and instructions published on the WYFRA website.
- 1.5. These CPR set out the key responsibilities and actions that Authorised Officers must follow when undertaking procurements.
- 1.6. CPR do not apply to:
 - a) Contracts of employment which make an individual a direct employee of the Authority. (However, these Rules do apply to Contracts for recruitment from agency services and the employment of consultants or agency staff);
 - b) Agreements regarding the acquisition, disposal or transfer of land for which provision is made within the Local Government Act 1972 and in relation to which Financial Regulations apply;
 - c) The engagement of external legal services (which must be commissioned via a Board member);
 - d) An arrangement with a statutory body to provide a service that the statutory body can legally provide;

- e) Financial Services in connection with the issue, sale, purchase or transfer of securities or loans.

- 1.7. The general principles of non-discrimination, equal treatment, proportionality and transparency shall be applied to all procurement processes, above and below Public Procurement Regulation thresholds.
- 1.8. Non-compliance with UK legal requirements, CPR and Financial Regulations can have serious consequences for the Authority including financial penalties, legal action and reputational damage.
- 1.9. Following CPR allows the Authority to comply with both procurement and data transparency legislation and staff should be aware that any non-compliance may result in disciplinary action.
- 1.10. Authorised Officers shall take appropriate measures to prevent, identify and remedy any conflicts of interest arising within a procurement process or subsequent management of Contracts to avoid any distortion of competition and to ensure non-discrimination and equal treatment at all times.

2. Local Government Transparency Code

- 2.1. As part of the Governments' commitment to greater transparency, the Authority is required to regularly publish procurement information. This means the Authority will publish on its website details of purchases over £500, a version of the Authority's Contracts Register for Contracts with a value above £5,000, all transactions undertaken using a Government Purchasing Card and any payments under a Contract valued above £30,000. For Contracts worth a value above £5,000,000,000, a copy of the Contract and KPIs (Key Performance Indicators) must also be published on the CDP (Central Digital Platform).

3. Responsibilities of the Executive Leadership Team (ELT)

- 3.1. Executive Officers of the ELT are responsible:
 - a) For ensuring compliance with these CPR by their Authorised Officers.
 - b) For reporting any known breaches of these CPR to the Director of Corporate Services, Director of Finance and Procurement and Finance and Resources Committee.

4. Responsibilities of the Director of Finance and Procurement

- 4.1. The Director of Finance and Procurement:

- a) Is responsible for ensuring appropriate publication on behalf of the Authority all required notices under the Procurement Regulations 2024/Procurement Act 2023.
- b) Will ensure a Contracts Register of all Contracts valued £5,000 and above is maintained and published.
- c) Shall ensure a rolling Procurement Plan of upcoming procurement projects valued £5,000 and above that aligns with approved Revenue budget and Capital programmes.
- a) Shall ensure countersignature of all Contracts valued £75,000 and above by an ELT member.
- b) Shall report to the scheduled meetings of the Finance & Resources Committee:
 - i Any early termination of Contracts with a residual value of £75,000 or more.
 - ii Any exemption to CPR involving sums of £75,000 or more.
 - iii Any disposal of Assets that realise a value of £75,000 or more.

5. **Delegated Authority**

- 5.1. Any procurement carried out on behalf of the Authority may only be undertaken by Authorised Officers with the appropriate authority to carry out such tasks. If permitted to do so and only after consultation with the Procurement Team, Officers with delegated authority may only delegate to other members of staff who also have the appropriate skills, knowledge and requisite training appropriate to the task. Further subsequent sub-delegation is not permitted. Officers must make enquiry of and be instructed by their senior managing officer and / or Head of Procurement to the extent of any delegated authority and any applicable financial thresholds for each procurement.
- 5.2. Within approved budgets and in accordance with the WYFRA Financial Scheme of Delegation and Annual Procurement Plan (where applicable), Authorised Officers may instruct members of staff to place orders against agreed Contracts.
- 5.3. For the purpose of managing RfQ (Request for Quotations) up to £29,999 and tender processes valued above £30,000, Authorised Officers shall be those who are registered on the E-procurement system and shall have obtained the necessary procurement skills, knowledge and training.

6. **Transfer of Undertakings (Protection of Employment) - (TUPE)**

- 6.1. Any Contracts awarded which involve the Transfer of Undertakings (Protection of Employment) Regulations 2006 of employees into or out of the Fire Service shall be reported to the Director of People and Culture, Fire and Rescue Authority and any appropriate Committee.

7. **Pre-Procurement Planning**

- 7.1. The Authorised Officer leading a procurement must:

- a) Identify the need and fully assess any options for meeting those needs;
- b) Determine the total value of the Contract (total Contract value is the full cost of goods, services or works across the number of years the Contract is in place) including any options to extend;
- c) Consider the Authority's Procurement Strategy;
- d) At the pre-procurement phase, consider Social Value and Sustainability within any procurement and consider how what is being procured might improve the economic, social and environmental well-being of the communities the Authority serves and how the Authority might secure that improvement in the procurement process itself.
- e) Consider all other means of satisfying the specific requirement (including recycling, re-use, joint working and shared services) and establish a business case and approved budget for the procurement;
- f) Consider whether a Community Impact Assessment should be completed dependent upon the nature of the goods, services or works being procured.
- g) Consult with all relevant stakeholders including Members, service users and trade unions where necessary.
- h) Take all necessary financial (including insurance) and other professional advice (for example procurement, health and safety and risk management).
 - i. Officers should have regard to current WYFRA policies, procedures and standard documentation.
 - ii. Seek legal advice when required to mitigate any apparent risks or liabilities.
- i) Utilise the E-procurement system electronic tendering system for all procurement requirements with a total contract value above £9,999 unless this system cannot deliver the required procurement objectives.

7.2 The Authorised Officer and Procurement Team (where appropriate), must undertake pre-procurement market consultation with potential Suppliers in an open and transparent manner to inform them of the planned procurement and to gain a better understanding of market conditions and use this information in the preparation of tender documents.

7.3 The Procurement Team will regularly review the Contracts Register to determine whether there are opportunities to aggregate spend for better value or whether any Contract or appropriate Framework Agreement already exists that could be accessed.

8. Estimating the Contract Value and Variations

8.1. In cases involving goods, services or works where a Contract fixed term is not defined, the estimated total contract value shall be calculated by multiplying the estimated monthly value by 48 (4 years), using historical spend information where available.

8.2. Where the total estimated cost of the goods, services or works has been determined to exceed Procurement Regulation thresholds, Officers should consider subdividing the requirements into “Lots” to enable Small Medium Enterprises (SME’s) the opportunity to be involved in the procurement process alongside breaking down barriers for SME’s responding to tender opportunities.

9. Framework Agreements

9.1. Framework Agreements (also referred to as Frameworks) can be used to contract for the supply of goods, services or works without conducting a full open procurement exercise.

9.2. Where the Authority is able to procure from an existing Framework procured by Central Government agencies, public sector purchasing consortia or other local authorities or public bodies, the Authority may benefit from using those agreements without undertaking a separate procurement exercise.

9.3. There are two routes to utilising a Framework:

- a) Direct Award; where a single Supplier is selected in accordance with the Terms & Conditions of the original criteria used to award the Framework.
Under no circumstances can new information be asked of a selected Supplier to support an award decision as this would be viewed as opening a further competition process without affording the opportunity to all other Suppliers on the Framework. Procurement Team advice should be sought.

- b) Further-Competition; where a number of different Suppliers are able to provide a particular category of goods, services or works and further competition between those Suppliers is needed in accordance with the Terms & Conditions of the Framework. Procurement Team advice should be sought.

- 9.4 A signed Access Agreement will be required between the Framework provider and the Authority, when specified within the Framework conditions.
- 9.5 A legal agreement (e.g. Call-off Contract or Letter of Appointment) should be signed between the Authority and the appointed Framework Supplier, upon awarding the procurement. Procurement Team advice should be sought.
- 9.6 All Purchase Orders raised in relation to the Framework Contract must clearly identify which Framework has been utilised.

10. **Dynamic Market Arrangement**

- 10.1 A Dynamic Market (DM) is an open version of a Framework that allows new Suppliers to join (or leave) at any time over its duration, providing that Suppliers meet minimum entry standards as defined.
- 10.2 A DM must be operated entirely electronically and implementation of a new DM or accessing a DM will be managed with the assistance of the Procurement Team.
- 10.3 Any intention to use a DM process along with details of the DM provider and how Suppliers can apply to join, must be stated in any DM Notice. Procurement Team advice should be sought.

11. **Electronic Auctions**

- 11.1 Electronic Auctions are mainly used for large quantities of standard goods with known specifications and often in collaboration, providing financial savings due to economies of scale.
- 11.2 An Electronic Auction is a repetitive electronic process resulting in the lowest priced bid being awarded the Contract.
- 11.3 Electronic Auctions may not be used in circumstances involving criteria that cannot be ranked (e.g. building design, consultancy services).
- 11.4 Authorised Officers must take advice from the Head of Procurement before agreeing to take part in any form of Electronic Auction.

13. **Estimated Value less than £9,999**

- 13.1 Competitive quotations are not required for awarding Contracts with an estimated value below £9,999. However, regard should still be paid to obtaining value for money and to undertake price comparisons or to invite alternative quotations, as appropriate.
- 13.2 For purchases up to £250 a Government Purchasing Card may be used or a Purchase Order issued.
- 13.3 For purchases £250 - £9,999 a written quotation must be obtained from the chosen single Supplier via email and retained in accordance with the Authority's Retention of Documents Policy.
- 13.4 Where provided, in the opinion of the Authorised Officer, best value can be achieved this process shall prioritise the placing of orders with local businesses (i.e. within WYFRA boundaries).
- 13.5 The Purchase Order shall specify the goods, services or works to be provided and clearly state the agreed quantity and price as per the written quotation.

14. **Estimated Value between £10,000 - £29,999**

- 14.1 This process may be conducted by Authorised Officers in departments for simple, non-complex and low risk procurements.
- 14.2 Where appropriate, if the intended procurement is complex, involves relatively high risk and would therefore benefit from the added safeguards afforded by a tendering process and more appropriate terms and conditions, the Authorised Officer should refer the project to the Procurement Team to undertake a tender process.
- 14.3 For procurements with an estimated Contract value over £10,000 but less than £29,999 at least 3 written quotations should be obtained. If less than 3 quotations are received at the first attempt, further request for quotations should be issued or an exemption to CPR form completed and approved prior to award of a Contract.
- 14.4 Request-for-Quotation (RfQ's) should be issued utilising the electronic procurement system (once trained to do so by the Procurement Team) and where appropriate, at least 2 of the Suppliers invited to submit quotations should be local businesses (i.e. within WYFRA boundaries).
- 14.5 The outcome of the Contract award details shall be recorded in the Contracts Register by the Procurement Team.

15. Estimated Value between £30,000 to £74,999 and above £75,000

- 15.1 Procurement projects with an estimated value between £30,000 to £74,999 shall be managed by the Procurement Team via an open tender process published to CDP via the E-procurement system. A PAD (Procurement Approval Document) must be used.
- 15.2 At least 2 of the suppliers invited, where appropriate, should be from local businesses within WYFRA boundaries but being mindful to use as wide a pool of Suppliers as possible and to avoid repeatedly inviting the same few Suppliers each time.
- 15.3 The open tender process shall be managed by the Procurement Team via the E-procurement system with the outcome of the Contract award details recorded on the Contracts Register.
- 15.4 Where the estimated Contract value is above £75,000, the above process is required, managed by the Procurement Team via a formal tender process and a PAD must be used and countersigned accordingly by a Director of the ELT.

16. Contracts above Regulation Thresholds

- 16.1. The tender process shall be managed by the Procurement Team.
- 16.2. The Regulation thresholds as of 1 January 2024 are:
 - Goods and Services - £214,904 incl. VAT.
 - Works - £5,372,609incl. VAT.
- 16.3. The thresholds change every 2 years and are scheduled to change again on 1 January 2026. Further help and guidance can be obtained by contacting the Procurement Team.
- 16.4. Where an estimated Contract value exceeds the Regulation threshold, the requirement shall be tendered in accordance with the Regulations and appropriate procedure.
- 16.5. The Regulations set out the minimum timescales for receipt of expressions of interest and tenders. Where the Authority has published a Prior Information Notice announcing its forthcoming contracts for the year ahead or is using electronic means of tendering, the Authority may rely on reduced timescales if appropriate and advised by the Procurement Team.

16.6. Where possible the use of “Lots” shall be used to sub divide the requirement in order to allow Small Medium Enterprises (SME’s) and local supply chain to bid (in accordance with CPR 8).

16.7. The process shall be managed via the E-procurement system with the outcome of the contract award details being recorded on the Contracts Register by the Procurement Team.

17. Open Tender Procedure (1 Stage Process)

17.1. An open procedure may be used for any value of procurement.

17.2. All compliant submissions from bidders must be evaluated equally and fairly applying the scoring methodology within the tender documents.

17.3. All documentation must be published on the E-procurement system at the time of the primary Contract Notice, with all quotations / tenders and correspondence being submitted by bidders via this system.

18. Competitive Flexible Procedure

18.1. This procedure involves the use of stages to restrict the number of responses at each stage of the process for Contracts above the Regulation threshold and not for any Contracts below the relevant Regulation threshold.

18.2. The requirement to publish relevant notices is the same as in the open procedure except that the notice shall state that a competitive flexible procedure is being utilised.

18.3. All documentation must be published on the E-procurement system at the time of the CDP notice and all tender stage responses must be submitted by bidders via the E-procurement system.

18.4. Under the competitive flexible procedure, potential Suppliers are invited to apply within the period of advertising for each stage, by the completion of the relevant tender documentation.

18.5. Following an assessment at each stage, Suppliers meeting the required criteria should be selected to move to the next stage.

18.6 A competitive flexible procedure may provide for the exclusion of suppliers—

(a) by reference to conditions of participation.

(b) by reference to an intermediate assessment of tenders;

- (c) that are not United Kingdom suppliers or treaty state suppliers;
- (d) that intend to sub-contract the performance of all or part of the contract to a Supplier that is not a United Kingdom supplier or treaty state supplier.

The Procurement Team will advise on the above accordingly and ensure all relevant notices are published on the CDP.

19. Other Permitted Tender Procedure

- 19.1. Direct Award via a Framework is permitted where this option is stated within the Framework Agreement terms and conditions. The Procurement Team will advise accordingly.

20. Publicising Tender Opportunities

- 20.1. There is no need to advertise quotations valued below £10,000.
- 20.2. For quotations and tenders above £10,000, the E-procurement system should be used utilising the RfQ (Request for Quote) process.
- 20.3. Where the estimated value of the Contract is £30,000 relevant notices must be placed on the CDP advertising the opportunity.
- 20.4. There is no need to publish a notice if the opportunity is being offered to a restricted number of suppliers via a Framework Agreement.
- 20.5. Where the Regulations apply, relevant CDP Notices must be published in the prescribed format before any other notice is published.

21. Submission and Opening of Quotations/Tenders

- 21.1. Quotations/Tenders valued £10,000 or above shall be managed via the E-procurement system.
- 21.2. The opening of quotations and tenders on the E-procurement system will be performed at the stated date/time.
- 21.3. When the opening of any quotation or tender has taken place, the Authorised Officer shall ensure that a Quotation/Tender Opening Record form and PAD document (where applicable) is updated, fully completed and safely filed for future reference.

22. Late Quotations/Tenders

- 22.1. Late bids may only be accepted with the approval of the Head of Procurement where other bids have not yet been opened and the late bidder has gained no advantage as a result of the late submission for reasons where, for example, there is evidence that technological reasons have prevented the submission on time, through no fault of the bidder.

23. Abnormally Low Quotations/Tenders

- 23.1. Where a submitted price appears abnormally low it may not be rejected without:
- a) giving the bidder an opportunity to explain the tendered price (such explanation to be given in writing),
 - b) considering the evidence provided, and
 - c) obtaining the written approval of the Director of Finance and Procurement or an Executive Officer.

24. Errors or Omissions in Quotations/Tenders

- 24.1. Errors or omissions in quotations/tenders shall be dealt with in one of the following ways:
- a) The bidder shall be given details of the error(s) or omissions found during the examination of the quotation/tender and shall be required at the decision of the Head of Procurement to confirm without amendment or withdraw the quotation/tender.
 - b) Amending the quotation/tender to correct genuine error(s) or omissions provided that, in this case, apart from these genuine errors or omissions no other adjustment, revision or qualification is permitted.
- 24.2. All amendments shall be fully recorded with justification for the action taken. Where necessary legal advice will be sought.

25. Tender Evaluation

- 25.1. All criteria, sub-criteria and weightings must be made available to bidders at the ITT (Invitation to Tender)/RfQ stage.
- 25.2. Criteria, sub-criteria and weightings cannot be used for evaluation purposes which have not previously been brought to all bidders' attention.

- 25.3. Published criteria must be strictly observed at all times throughout the procurement process, selection and Contract Award stages by the Authorised Officer managing the tender evaluation.
- 25.4. Records should be kept of the evaluation process, (e.g. criteria, sub-criteria, weightings, individual and joint scoring and reasons for any adjusted scores), signed and dated by the individuals involved in the process and electronically filed in a secure place with the full document set.

26. Post Tender Negotiation

- 26.1. Where the procurement is conducted through either an Open or Competitive Flexible procedure, no post tender negotiations are permitted other than to clarify details prior to Contract Award or in accordance with CPR 37. Under no other circumstances must material changes be made to the Authority's requirements or the winning bidder's submission that could be deemed to disadvantage other bidders, distort competition or adversely impact the competitive tendering process.
- 26.2. Any negotiations must be conducted on behalf of the Authority with the assistance/guidance of a Procurement Team member. A full written record shall be kept of the results of any negotiations, signed by the Authorised Officer and the Supplier and retained with the procurement documentation.
- 26.4. At all times during any negotiation the Authorised Officer shall ensure that all bidders are treated equally and in a non-discriminatory and transparent manner.
- 26.5. Prior to undertaking any post tender negotiation advice must be obtained from the Head of Procurement.

27. Bonds, Guarantees and Security

- 27.1. For procurements valued above £75,000 the Authorised Officer and Evaluation Panel shall consider as part of the criteria whether a performance bond and/or a parent company guarantee (if applicable) shall be required from the preferred Supplier dependent upon the preferred Supplier's status, the product characteristics and a thorough risk analysis.
- 27.2. The Authority will only accept Performance Bonds or Sureties that are UK based or held in UK escrow arrangements.
- 27.3. Authorised Officers must consider any steps necessary to protect the Authority's interests in the event of a Suppliers' default, having regard to advice from the Director of Corporate Services and Director of Finance and Procurement.

- 27.4. This consideration should be based on risk to the Authority, taking account of the circumstances, including:
- (a) the value of the Contract;
 - (b) the type of goods, services or works being procured;
 - (c) the payment profile of the Contract;
 - (d) the financial strength of the Suppliers in the market;
 - (e) affordability and proportionality; and should assess whether additional security is required in the form of a bond, guarantee, fee retention (where performance is required by a particular date, and where delay would have financial consequences for the Authority) or provision for liquidated damages.
- 27.5. The Authorised Officer shall ensure minimum levels of appropriate insurance are provided for within each Contract. Minimum levels are:
- a) Employee Insurance - £5m
 - b) Public Liability Insurance - £10m
 - c) Professional Indemnity Insurance - £2m

28. Acceptance of Quotations/Tenders and Award

- 28.1. The Authority is not bound to accept any quotation or tender and this must be made clear to bidders in writing at the beginning of the procurement process and as appropriate throughout.
- 28.2. Quotations and tenders may be accepted on behalf of the Authority by the relevant Authorised Officer in accordance with the Contract value and the Financial Scheme of Delegation, provided they have been invited, evaluated and are to be awarded fully in compliance with these rules.
- 28.3. In relation to all Contracts valued over £10,000, once a decision to award a Contract is made, all bidders must be notified at the same time via the E-procurement system of the intention to award the Contract to the successful bidder.

29. Standstill (Alcatel) Period and Debriefing

- 29.1. For procurements above Regulation thresholds, there must be a mandatory period of at least eight (8) working days between the electronic notification of an award decision being sent to all bidders and before a Framework or Contract is

concluded with the successful Supplier(s), to allow unsuccessful bidders to consider any challenge to the award decision.

- 29.2. If the expiry of the eight (8) working days falls on a weekend or bank holiday, the expiry shall be extended to the next working day.
- 29.3. The Authority shall voluntarily apply the same best practice standstill period and process for all tenders (except in cases of genuine urgency).
- 29.4. The Authorised Officer responsible for each procurement (with the assistance of the Procurement Team member) must ensure the award decision notice is fully compliant with Regulations and additionally include the relevant written information (assessment summary) as required under the Procurement Regulations 2024.
- 29.5. Any complaints from bidders must be recorded in the project file and dealt with in the most appropriate manner taking due consideration of whether to proceed to Contract Award or to defer the award pending resolution of the complaint.

30. **Contract Award Notice**

- 30.1. Where a Contract has been tendered pursuant of the Regulations, the Procurement Team member shall publish a Contract Award notice on the CDP.
- 30.2. Where the opportunity was initially only sent to a limited number of Suppliers e.g. using an RfQ process or a Framework then there is no requirement to publish Contract Award notices.

31. **Letters of Intent**

- 31.1. Letters of intent shall only be used in exceptional circumstances ahead of formal Contract signature as follows:
 - (a) Where a Supplier is required to provide goods, services or works prior to formal written acceptance by the Authority; and
 - (b) Where the Authority's form of tender does legally bind either Party until such time as a formal Contract is executed.
- 31.2. Letters of Intent shall only be used following consultation with the Director of Finance and Procurement and/or Head of Procurement where a delay would cause a significant interference with the provision of service delivery.

- 31.3. Letters of Intent shall be limited to 10% value of an agreed goods or services Contract and limited to 10% or £20,000 (whichever is the lowest) for works Contracts.

32. **Contract Terms and Conditions**

- 32.1. Contracts shall be entered into on the Authority's Terms and Conditions which shall be included with each invitation to quote / tender and Purchase Orders sent by electronic means.
- 32.2. The exception to using the Authority's Terms and Conditions arises when using Terms and Conditions provided by:
- Crown Commercial Services (e.g. Consultancy Services)
 - Framework Agreements
 - Utility Company (Gas, Electricity and Water)
 - Telecommunications
 - Construction Industry Terms and Conditions (but limited to NEC, JCT, RIBA and RICS).
- 32.3. Exceptions to CPR 32.1 and 32.2 must be approved beforehand at tender preparation stage by the Head of Procurement.
- 32.4. The Authority may accept equivalent Terms and Conditions of other public sector Authorities when participating in joint working and collaboration, provided they are deemed to be suitable and fit-for-purpose. Advice should be sought from the Head of Procurement if other Terms and Conditions are considered.
- 32.5. Every Contract awarded that is concluded via an RfQ_process shall:
- a) Specify the goods, services or works to be provided;
 - b) Specify the quantities and price to be paid with a statement of any discounts or other deductions;
 - c) Specify the time or times within which the Contract is to be performed;
 - d) Use an official order form to confirm the Contract using the Authority's standard terms and conditions whenever possible.
- 32.6. Every Contract awarded that is concluded via a tender process shall contain:
- a) A statement of the goods, services or works to be provided;

- b) Reference to and identification of the winning tender documents;
- c) A statement of the price, payment terms and any applicable interest;
- d) Restrictions on the awarded Supplier(s) from re-assigning or sub-contracting any part of the Contract without prior written WYFRA consent;
- e) Insurance clauses - (see minimum levels in CPR27.5);
- f) Health & Safety clauses and a requirement to comply with all relevant Health and Safety regulations and instructions issued by the Authority;
- g) General Data Protection Regulations clauses;
- h) Equalities and anti-discrimination clauses that relate in particular to the Equalities Act and the Living Wage Act;
- i) An Audit clause that provides a right of access to records pertaining to the Contract and service delivery;
- j) A clause that states the Authority's duty to comply with the Freedom of Information Act and that the awarded Supplier(s) is obliged to assist the Authority in fulfilling these duties where appropriate;
- k) Human Rights clauses;
