

Home Fire Safety Crossword

West Yorkshire
Fire & Rescue Service

Complete the crossword puzzle below. Read the clues that describe something you need to do to prevent a fire from starting in your home or help keep you safe if a fire happened.

TOP TIP:
Work in pencil so you can rub out any mistakes!

Across

- These help to give life to your gadgets and should always be unplugged at night.
- How many smoke alarms should there be on each floor? (There can sometimes be more than this).
- If you are cooking, be careful not to walk away from this when it is on.
- These special devices need testing once a week to help you keep safe.
- These should not be over-loaded by using more plugs than it is made to hold.

Down

- In a fire, you should always **GET OUT, STAY OUT, AND CALL 999**. Once out, who do you wait to get to your house?
- It is important to throw away rubbish and keep stairways and hallways _____.
- These help you get into your home and should be easy to get if there was a fire in the house to help you escape.
- These should be closed when you go to bed at night.

Across - 2 Charger, 5 One, 7 Oven, 8 Smoke Alarm, 9 Socket, Down - 1 Firefighters, 3 Clear, 4 Keys, 6 Doors.
