

West Yorkshire Fire and Rescue Service Privacy Notice Notification and Marking of Sites

How we value service users data and how we keep the data safe:

West Yorkshire Fire and Rescue Service (WYFRS) is committed to protecting your personal data and privacy. We recognise that ensuring the accuracy and security of your personal data is essential to retaining your confidence and trust. The information you provide to us will only be used for the purposes that you provide it and will never be used for third party marketing.

The Purpose of Data Collection:

We need your information to carry out our statutory duties under the Dangerous Substances (Notification and Marking of Sites) Regulations 1990 and the Regulatory Reform (Fire Safety) Order 2005, therefore complying with a legal obligation.

The Dangerous Substances (Notification and Marking of Sites) Regulations 1990 (referred to as the NAMOS Regulations), require the person in control of any site or premises where a total quantity of 25 tonnes or more of dangerous substances are used or stored, or are to become used or stored, to give written notification to both the Fire & Rescue Service and the Health and Safety Executive.

The Health and Safety Executive is the enforcing authority for notification of the storage of dangerous substances and once notified, the Authority is the enforcing authority for the marking of sites with warning signs. The Authority is also responsible for giving directions as to the quantity, type and location of signs.

The following information taken from the notification is recorded in our Premises Risk Database

- Address of the notification site
- Name and address of the notifier (if different from the address given above)

We use this information should we need to contact or visit the premises or write to the notifier. Detail of the site will be passed to our Operational Risk Team in order for an Operational Risk Visit to be carried out if necessary under the Fire and Rescue Services Act 2004.
